Good Morning!

SUSTAINABLE BREAKFAST - VERY EASY WITH US!

Here, respect for people, animals and nature is not just an empty phrase, it's our thing. Put together your breakfast exactly the way you like it - according to your hunger, appetite and mood.

This is how we save the world (okay, maybe a little bit) from food waste together.

Our selection? Rich and varied!
Your fresh coffee is already waiting at the table to wake you up - just pour it in and enjoy!

Fancy some egg dishes or tea?
Just let our service team know,
they will take care of it!
